

Sprint 3 plan
Product: freeBay
Team: LE
Completion: 11/15
Revision 1
Revision date: 11/4

Goal: to implement database and a better UI

User Story 1: As a user, I want my images to be saved in a database, so that they can be later accessed(18 points)

Task 1: Store text into the database: (3 points)

Task 2: Store images in database: (5 points)

Task 3: Merge text and image into a single object and store it to the database (5 points)

Task 4: Retrieve the objects from the database: (5 points)

User Story 2: As a user, I want to use an improved UI, so the usage is more convenient. (32 points)

Task 1: Implement an 'add listing' button that would redirect the user to a new page (3 points)

Task 2: Implement 2 buttons to add a picture in the 'add listing' page (1 point)

Task 3: First 'add picture' button will take a picture from the camera (1 point)

Task 4: Second 'add picture' button will fetch picture from phone gallery (3 points)

Task 5: Picture chosen will be shown on the image view of the add listing page (2 points)

Task 6: Implement a back button to return to the home page from the add listing page (2 points)

Task 7: Implement textboxes to fill in name, description, contact info (2 points)

Task 8: Implement radio buttons for condition of the item (2 points)

Task 9: Implement a post button that will fetch all the data from the 'add listing' page and put it into the database (this will use the method created from user story 1 task 4) (3 points)

Task 10: Display listings on the home page (This will rely on User Story 1 Task 2) (8 points)

Task 11: Implement Cardview Scrolling for listings on the home page (5 points)

Roles

Dan: Developer, Scrum master

Andy: Developer

Kenny: Developer, Product owner

Jackie: Developer

Chase: Developer

Kyle: Developer

Assignments:

Andy: User Story 2: 4, 7

Dan: User Story 2: 3

Kenny: User Story 1: Task 4 User Story 2: 2

Jackie: User Story 1: Task 2,3

Chase: User Story 1: Task 1 User Story 2: Task 8

Kyle: User Story 2: Task 1, 11

Burnup chart: physical

Scrum Board: on Trello

Meetings:

Mon 1-2

Wed 5-5:30

Fri 1-12
